# Use-Case Specification: View Published Trip

## 1. Use-Case Name: View Published Trip

### 1.1 Brief Description

This use-case allows a user to view the details of a published trip.

## 2. Flow of Events

### 2.1 Basic Flow

1. User selects the option to view published trips.
2. System displays a list of published trips.
3. User selects a trip from the list.
4. System displays the details of the selected trip.

Gogle	Version: 1.1
Use-Case Specification: View Published Trip	Date: 27/06/2024
UCSP 13	

## 2.2 Alternative Flows

### 2.2.1 *No published trips are available*

1. System displays a message indicating that no trips have been published.
2. User can choose to create and publish a new trip

## 3. Special Requirements

- User authentication is optional but may enhance the experience (e.g., saving favorite trips).

## 4. Preconditions

- At least one trip has been published.

## 5. Postconditions

- User views the details of the selected trip.

## 6. Extension Points

- Option to rate a published trip
